Guaranteed Electric Sad Irons, regular \$5.25 value, at..... \$4.19

DANIELSON AND PUTNAM NEWS

DANIELSON

At St. James' church Sunday morning Rev. F. T. Ledwith, M. S. opened the mission for the English-speaking members of the parish. This mission is to continue throughout the present week, the morning masses being at 8:15 and 7:30, and the evening service at 7:30 p. m. Sunday afternoon at 3 o'clock the exercises for the French-speaking members of the parish were concluded.

About every one here has discounted the possibility of a railroad strike. No more fear is felt of that possible catastrophe. Worrying over the discomfiture that would follow in the wake of a railroad strike has been one of the pastimes of the past week, but the average person has recovered, much the same as they do as to worrying about everything that may happen to a person in life. Some people are now hoping that they may live long enough to see a general railroad strike, which is another method of expressing the thought that they believe there is a host of bluffers in this old world and that many of them belong to the railroad unions and another bunch are included in the ranks of the railroad executives, court and elsewhere. There are many in this vicinity that positively cannot understand why a man with a job is anxious to rid himself of it, notwithstanding certain unpleasant conditions, while some equally honest men are doing their darndest to make good, with no background, and still are failing down and have nothing left but the open hunting season on game birds to console them. Truly this is a wonderful made-up world.

A very active, though not particularly large steam shovel, that is engaged in excavation operations on the new state highway east of here is eating its way through what is known to local motorists as South Killingly hill. At the week-end men of the Southern New England Telephone company were engaged at a point just east of the home of Edward Hall in re-arranging the alignment of the company's telephone line at that point, where the new highway route is somewhat different from the old stage coach highway over which travel has passed for more than a century. Those who are familiar with the old highway, but have not acquainted themselves with the route of the new will be very much surprised when they witness the changes that have been made.

Prosecuting Attorney Arthur G. Bill said Sunday morning that a raid was made at Wauregan Saturday night in connection with the national wide effort to stop men from drinking liquors with a kick stronger than buttermilk. Something that appeared to be passed was seized at Wauregan in Saturday night's raid. What the ingredients of this paste are no one here would attempt to say on Sunday, but it was whispered that the paste provided for the raid was something much the same as one formerly acquired by looking over a wide stretch of mahogany into a mirror while one's foot rested upon a polished brass rail turned out by some of the country's most workers come from lands where prohibition is still regarded with more or less distrust. As some agnostic said during the past week, it is a great game if you do not weaken.

Though late October is at hand, traffic was as heavy over state highways in this section on Sunday as during any day of the summer season. Hundreds of cars were noted on all of the state highways hereabouts on Sunday. The great majority of car operators gave the drivers no trouble—a cause for gratification from every viewpoint. Scores of Massachusetts and Rhode Island cars were included in the number that passed through this town.

Hunters out at the week-end reported good bags of game. Included in the trophies brought in from an afternoon in the woods were partridge, quail, duck, woodcock, rabbits and squirrel, not to mention some of the animals that might have been taken illegally had Danielson's sportsmen been so careless of the law that they really are.

Mr. and Mrs. James Nuttall, Mrs. W. H. Brown, F. E. Nuttall, Miss Lillian Nuttall, of this vicinity, and Mrs. Thomas Morris of New Haven, arrived in Norwich Sunday to attend the funeral of a relative, Mrs. John Whitteker.

Manufacturing concerns hereabouts that depend more or less on water power for the operation of their plants are at present handicapped for lack of water. Streams are unusually low for so late in the fall season and many big mills have to call upon their steam plants to do the work usually performed by water.

Olive T. Stevens, 82, died at the home of Mr. and Mrs. A. T. J. Clark in Canterbury.

Mrs. Harry McEwen is seriously ill at her home on Potter street.

Miss Alice Caron, who was operated upon only a week ago for appendicitis at the Day Kimball hospital in Putnam is making an unusually rapid recovery. Relatives from Danielson visited her on Sunday.

Several hundred men received communion at St. James' church Sunday morning in connection with the approaching close of the mission for the French-speaking men of the parish.

Mill men representing the leading manufacturing concerns of this section of eastern Connecticut met this morning at the Mortlake house at Brooklyn. They will have a supper and business meeting. This is to be a gathering of the representatives of the Eastern Connecticut Manufacturers' association.

At the masses at St. James' church Sunday prayers of the congregation were requested for the repose of the soul of Patrick Dolan, who died in Jewett City. Wilfred A. Wellman of Attleboro was a visitor with friends in Danielson over Sunday.

Miss Catherine T. Thayer of Putnam spent the week-end with relatives in Danielson.

Walter Z. Filament of Worcester is visiting with friends in Danielson for a few days.

A new stack 45 feet in height has been erected, at the plant of the Palace Laundry.

A. G. Walter of Waltham was a visitor with friends in Danielson over Sunday. Local military men entertained Col. M. B. Payne, New London, and members of his staff who were at the rifle range south of here on Sunday.

There will be nine local candidates to receive the degree next Saturday at the Sphinx temple of the Mystic shrine, Hartford meets at Norwich. This will be the first time in many years that a degree was conferred upon shrine candidates at Norwich.

Quantities of wild duck have been shot in this territory this fall. A considerable number were reported as being taken on Saturday.

There will be no white way in Danielson during the coming Christmas season, it was stated at the week-end.

PUTNAM

The drive for funds to clear the debt of the Day Kimball hospital is scheduled to start November 1st, but already subscriptions are beginning to come in. Many benefit social affairs are being arranged. In Putnam Miss Emma Merriam and Miss Lillian Delisle have been authorized by the working committee to solicit funds for the cause and they will make a house to house canvass of the city.

Brooklyn and Wolf Den granges will furnish the entertainment at the meeting of Putnam grange this (Monday) evening, which will be Neighbors' night.

A. C. Aray, for the past six months overseer in the carding room of the Man-hasset Manufacturing Company's mill has resigned to become superintendent of the Morris Manufacturing Company of Trenton, N. J. Mr. Aray will leave shortly for New Jersey but his family will remain in Putnam until spring.

A number of Putnam people left by train and automobile Saturday morning to attend the Yale-West Point football game at New Haven.

Four young men were before Judge Geisler in the city court Saturday morning, charged with shooting craps. They entered pleas of not guilty and the cases were postponed until Monday morning to enable them time to secure counsel. The police allege that the quartet had been seen in Chase park last week Sunday morning and started their game of African pool. Some one is said to have seen the gathering and made complaint. Following an investigation Captain John Balger ordered the men to appear in court.

Hunters do not report much game so far this season. Some partridge have been started and a number of pheasants have been seen. Older sportsmen are waiting until the leaves fall and the birds get into the runs before they make much effort to get good bags.

Those who qualified to play for the Governor's cup offered as a prize by the Putnam Country club have one more in which to play the final 36 holes. Some have already finished and some have played 13 holes with two more rounds to play. The prize is a beautiful silver loving cup.

Bowling is apparently to become a winter indoor sport this winter. The Odd Fellows, the State Trade School and the Man-hasset Manufacturing Company have organized leagues.

George W. Morse of Ballouville pleaded guilty to driving his automobile without headlights, and was fined five dollars by Judge Geisler in the city court, Saturday morning. The car driven by Morse and one driven by Edward Fisher of this city were in collision near David Clark's corner about 11 o'clock Thursday night. Morse told the court that when he left Putnam to go to business his lights were all right. He said that they went bad at the corner of Grove street cemetery and he was trying to get home.

Morse also claimed that the Fisher car was without light. Another case disposed of was that of Peter Rattl whose wife had him arrested on a breach of the peace charge. There was no evidence of any breach of the peace but the court found him guilty and fined him the division of money in the home. The man was found not guilty and the judge told them that they had better reach a peaceable solution of their financial affairs.

Mr. Ellis and Bella Bouthilliet spent Friday in Worcester.

Dexter Elliott, Louis Girard, Henry Wheelock, Ralph Bradford and Archibald MacDonald, Jr., were among those from Putnam who attended the football game at New Haven, Saturday.

Some persons who know it is the open season on ducks think that the season is so wide open that any duck in sight is their property if they can get it. A New York man in the city limits has made complaint to the police that his flock of web-footed has been depleted to such an extent that the few remaining ones are getting lonesome. The complaint says that the man has three times appeared at his duck pond and enjoyed some sport at the farmer's expense.

Health Officer Peter A. Gardner states that the regulations now in effect at the city dump are working well. Three days a week the dump is open for business and there is an overseer on duty to see that refuse is put in the place provided for it. One or two complaints have come to the police of persons dumping at other places.

NIANTIC

Mr. and Mrs. Fred G. Prothero and son William have returned to their home in Norwich after a few days' visit at their summer home on Broadway in Pine Grove.

William H. Prothero of Riverbank has raised the garage on Broadway owned by his son of Norwich.

Mrs. Eugene B. Goff and sister, Miss Mary Gates, of East Haven, are spending a week at their Pine Grove cottage.

Mr. Boasleigh of Norwich is painting his summer home in the Grove. The two adjoining cottages owned by Mrs. Carrie Alden of Southbridge, Mass., are being painted by Norwich men.

Mr. and Mrs. Charles Harvey and Mr. and Mrs. Fred Vanlette of Bridgeport recently visited the Belknap cottage in Pine Grove for a few hours.

Mr. Harvey's mother, Mrs. Amelia Belknap, of the same city, died a few days ago. She was a summer resident of the Grove for many years and one of the early settlers.

Henry E. Smith of East Haven and Albert E. Brown of New Haven recently visited the Smith cottage at Pine Grove for the week-end.

The Beards cottage at Pine Knoll has been situated by P. A. Daniels and son of the village.

Mr. Simester of Boston visited his Pine Grove cottage for a short time Thursday.

R. B. S. Washburn of Norwich spent the week-end at his summer home in the Grove.

Morton Swinney of Main street motored to Westerly, R. I., Thursday on business.

Mrs. Annie E. Brown of the Black Point road has gone to Willimantic on a business trip for two weeks.

10,000 MEN GUARDED THE

AMERICAN EMBASSY IN PARIS

Paris, Oct. 23.—Ten thousand soldier and policemen guarded the American embassy and neighboring streets today to prevent a threatened demonstration by French communists in protest against the conviction on a murder charge in a Massachusetts court of Nicola Sacco and Bartolomeo Vanzetti, but no communists appeared there.

Long before the hour set of the concentration at Porte Maillot ten thousand troops were on the scene while others manned machine guns on a view of the city wall commanding a view of the entire square. A few communists emerged from the subway station at Porte Maillot but they were hustled outside the city walls before they could organize and start a procession to the embassy.

Their rallying cry of "justice liberty" brought derisive laughter from the usual large Sunday crowds of sightseers. Much larger crowds remained near the Arc de Triomphe to watch the procession of war veterans deposit wreaths on the tomb of the unknown soldier.

American military police, long absent from Paris, reappeared today. Two of them were on guard near the American embassy and others were stationed at the passport bureau.

Marcel Cachin, leader of the communist party, was roughly handled by his own sympathizers who met him as they were returning from Porte Maillot. They reproached him for having failed to put up an appearance at the meeting place and struck him repeatedly. Police finally came to his rescue and escorted him to a place of safety.

The Italian embassy also was heavily guarded during the day. French courts were kept in session throughout the day but the judges had little to do, as only six arrests were made. The police say they have the situation absolutely under control insofar as a wholesale demonstration is concerned.

CAMERA MEN GET PICTURE OF

ADMIRAL BEATTY AND GEN. DIAZ

New York, Oct. 23.—The enterprise of a New York camera man broke down the barrier of military etiquette today in arranging a meeting between Admiral Beatty of the British admiralty, General Armando Diaz, Italian commander-in-chief, and Lieutenant General Jacques of the Belgian army.

The three officers had arrived at the Pennsylvania station to board the special train that was to take them to Washington. The camera man wanted a group picture and Station Master Maurice Diaz communicated with Admiral Beatty and obtained his consent to pose. General Jacques too gracefully consented.

But when the plan was explained an aid of General Diaz, who was in his private car waiting for the train to start, laid insisted that military etiquette required "if that be done" the other military men must first pay their respects to General Diaz in his car.

The camera man explained the photographer to the aide. "This is America, let's waive the formality." Come on, let's hurry, we haven't got much time.

Using more diplomacy Station Master Diaz explained the situation to General Diaz, who brushed aside his aide and insisted that the camera men be allowed on the platform, cordially shaking hands with them.

The camera man obtained a group picture.

SAFE BREAKERS CAUGHT

AFTER A PISTOL FIGHT

New York, Oct. 23.—Four men in the act of breaking open a safe in the Clinton theatre, one of the largest on the East Side, were arrested early today after a pistol fight with police detectives. A special watchman employed by the theatre and the wife of one of the burglars also were taken into custody, charged with acting as lookouts for the burglars. The arrests were made after a ten-hour search for several hours had followed a tactics in which the burglars drove about town.

When the detectives entered the theatre the men at the safe switched off the light and started firing, but exhausted their ammunition without injuring anyone, and then surrendered. The prisoners, Harry Rofsky, watchman, Rocco Rizzo and his wife, Marie, George Weinberg, driver of the taxi, George Eberhardt and Morris Weininsky. There was about \$2,000 in the theatre safe.

WOMEN INTERESTED IN SPORTING

PAGES OF THE NEWSPAPERS

Cambridge, Mass., Oct. 23.—News-paper sporting pages attract more of the young women students at Radcliffe college than the women's pages. Ninety-six per cent of the six hundred students at the college have been found by a census just completed to be regular readers of the newspapers, but only four claimed the women's pages as their favorite department. Fourteen placed the sporting pages first.

Twenty-five per cent of the girls expressed a preference for the editorial pages, twenty-three per cent said the general news of the day interested them most and thirty-eight per cent said they usually were satisfied with the headlines.

Baseball Fans Human

The baseball fan may appear to some persons as a curious species, but he is, in reality, perhaps more so than some of his critics.—Harrisburg Patriot.

THREE FREIGHTS OPERATED

ON THE GREAT NORTHERN

Houston, Tex., Oct. 23.—Three freight trains operated on the International and Great Northern system today, General Manager E. C. Goforth announced. This follows a complete tie-up of freight service Saturday by the strike of approximately 600 union iron men over the line. Union officials have declared a policy of "hands off" and will not in any way interfere with the service, they say.

Mr. Goforth, in discussing the partial resumption of freight service, stated that the crews were made up of recruits and
